WHEEL CHAIR

IEC

CDSCO

www.yashka.io

Description

A wheelchair is a manually operated or power-driven device designed primarily for use by an individual with a mobility disability for the main purpose of indoor, or of both indoor and outdoor, locomotion.

Technical specification

1. Frame Color: Black
2. Seat Width: 15 to 17 inch
3. Material: Iron
4. Automation Grade: Manual
5. Color: black
6. Since opening in 2019, we have become masters of our craft. Our commitment to quality products, exceptional services and incomparable customer care keep our community coming back again and again.

Features and Benefits

- It is an affordable wheelchair made of an M-Steel with a foldable frame.
- The transport feature of the wheelchair is that it has a half-removable backrest. Along with this, the product's comfort is upholstered with nylon.
- The textured handrim on the wheelchair helps in providing better propulsion of the product for the user.
- The large castor wheels of the Steely Econo give the user a smoother ride, enabling easier maneuverability.
